## Projects

---

**The Allegory Of Superposition:** This is a game that I made for a class based on the concept of quantum superposition, it is a platformer made in unity

---

## Experience

---

### Happy Teriyaki/ Customer Service Specialist

August 2023- March 2024, Boise, Idaho

In this role, I distribute and serve meals, beverages, and snacks. In addition, I take orders and payment. I also prepare and clean dining, service, and food preparation areas and clean and sterilize dishes, kitchen utensils, and equipment.

### Idaho Centre Arena/ Arena Food Server

September 2022- April 2023 Boise, Idaho

In this role, I worked as a team member to deliver food orders to seats during arena events. In a fast and clean manner

### U-Haul/ Facility Caretaker

June 2022 - August 2022, Boise, Idaho

In this role, I cleaned and maintained storage sheds on the U-Haul property. I worked with other caretakers to complete daily tasks such as general maintenance on the facility grounds, taking care of empty boxes and trash, and making sure people paid on time for the storage facilities.

---

## Education

---

### Boise State University / Bachelor's degree

August 2022 - Expected May 2025, Boise, Idaho

Attending Boise State to pursue a degree in Game Design, Interactive Media and Mobile Technology. Currently a Junior with a 3.7 GPA.
